Mr. Brady - Math Teacher

dbrady@mcquaid.org

Re: Summer Algebra

2018

To whom it may concern:

If your child is interested in taking Summer Algebra over the summer, this letter needs to be signed by his current teacher, confirming that the student has the academic ability, as well as the organizational skills, to succeed in the course.

The letter should then be taken (or sent) to Mr. Brady (dbrady@mcquaid.org) for his approval as well.

Once these 2 signatures have been received, this letter should accompany the registration form.

- 1) His / Her current teacher _____.
- 2) Mr. Brady _____

Sincerely,

Daniel Brady
Mathematics Teacher
