

Summer Biology Preview Class

June 2026

Dear Parent or Guardian,

McQuaid is offering a **Biology Preview Class** this summer. The purpose is to give students who have previously struggled in science a head start on the course curriculum, while creating a solid foundation of essential Biology concepts and skills.

Based on teacher recommendations and/or past performance in Conceptual Physical Science, your son has been identified as a student who would benefit from this opportunity. Students who attend these sessions will have a strengthened understanding of basic scientific principles as well as those specific to Biology. Additionally, he will become familiar with the types of assessments used throughout the course.

DATES/TIMES:	August 17-20 (Mon - Thurs)	9 a.m. - 11:30 a.m.
	August 24-27 (Mon - Thurs)	9 a.m. - 11:30 a.m.
